**SOLAR PANELS ON YANDOIT HALL** 

John Van Rooden the Sustainability Officer from Hepburn Council has announced the Grant of \$4750 plus GST and Steve White has been contracted for the job. Work will start in about 2 weeks.

#### THE TREE MARKING SAGA CONT'D.

Kirk from Hepburn Shire apparently has the answer. It would appear that Council has the responsibility for the local roads and verges.

Watch this space for who did what and what permits were granted. Local gossip is that a truck bearing Queensland number plates, chopped, mulched and moved on.

### **AUTUMN COMMUNITY MARKET**

Our Spring Trade Fair, in September 2015 generated much enthusiasm and exposure for skilled, talented and industrious members of our community. In particular it provided the opportunity for a number of local artisans and crafts people to expose and sell their wares.

Following this success, and again to provide a venue for local "trade and exchange" an Autumn Community Market is planned for Sunday 24th April 2016, 10am - 2pm, in Yandoit. If you wish to participate in the market please send your contact details ASAP. You will be sent your formal application to request a site or stall, and provide details of your wares or services.

Don't delay with your response as inside sites are limited. Looking forward to a vibrant Autumn Market. Contact: Liz Butler. E:

## FRANKLINFORD/YANDOIT FIREBRIGADE **WOMEN'S AUXILLIARY MORNING TEA**

A successful morning tea was held in the local hall with the Yandoit Primary School kids putting on a brilliant choral and dance performance for the entertainment of all. There was brisk trade and tea and coffee served to raise money for our much valued brigade.

#### Chronicle via email

We know that people are getting the Chronicle twice: by email and letter box. We want to make sure that everyone gets at least one copy. So if you have email can you let us know AND your street address and whether your neighbour gets a copy or has an email. I mean it's a tragedy if you miss out!

#### NON SERIOUS SECTION.

Friend of mine was asked to take photos that had a musical theme so he took one of our dam in Yandoit which is getting lower by the minute. "How's this connected with music?" I asked. "It's a picture of the reeds section." He replied.
